Tuesday 4 January 2022

Dear Parents

The Mathematics Department is planning a series of revision workshops for those taking GCSE this coming summer. There will be different groups running at the same time. The sessions on the dates below will be aimed at those aspiring to achieve a grade 6 and those aspiring to achieve a grade 8/9.

The proposed plan is to run five after school sessions from 3.35pm to 4.25pm on the following days.

Wednesday 12 January 2022
Wednesday 19 January 2022
Wednesday 26 January 2022
Wednesday 2 February 2022
Wednesday 9 February 2022

If your son would like a place we would expect him to attend *all* the sessions (unless of course he is absent from school on a Wednesday). Please discuss this with your son and if he would like to attend please confirm by filling out the form (via the link below) by the end of school on Thursday 6th January. Places in the groups are limited and consequently, if oversubscribed, will be decided by a lottery – your son will be notified as soon as possible.

<https://forms.office.com/r/VvpHc1SMzA>

The Mathematics Department would also like to take this opportunity to highlight that a series of Help Clubs are running every lunch time in N4 on Tuesdays and Thursdays. These run from 1.10pm to 1.40pm and are drop-in clinics. If your son is having difficulty with a specific question or topic then he can receive help from our Sixth Form students so that he might resolve any misunderstandings.

There is also an effective mentoring scheme running, managed by Mr Nagle; if your son requires a greater amount of help than the Help Club can offer then he can contact Mr Nagle to be assigned a mentor who will work with him more regularly.

Yours sincerely

Mr J Howley
Assistant Subject Leader, Mathematics
