Student Finance- Year 13

Now all of our applications to university have been sent off and offers are being received, thoughts turn to how to best finance your young person's university adventure.

We recently had a presentation from the University of Surrey on Student Finance where all aspects of the maintenance loan and tuition fee loan were discussed. This is available on the SHSB website. https://www.shsb.org.uk/attachments/download.asp? file=2003&type=pdf

Student Finance England will open for applications in March. Please follow this link to get started:

SHSB Careers Fair 2023

February 8th saw the first ever careers fair take place at SHSB. All students Years 8 –13 had the opportunity to visit the fair and speak to over 30 exhibitors. A range of industries were represented including engineering, banking, construction, law and the armed forces. Training and education providers were also in attendance to share information about Post 16 and Post 18 Option. A list of exhibitors in attached.

A great day was had by students, staff and guests alike and feedback was overwhelmingly positive.

We are grateful for the support we had from local and national employers, further education and training providers who gave up their time to speak to our students. As always, we were especially pleased to welcome back ex students who had come to share their stories and career paths.

Careers Fair Exhibitors

Williage & Nott	Chartered Curveyors

National Apprenticeship Week February 2023

In recent years the number of apprenticeships has grown and we are seeing a huge increase in the amount of careers that are becoming accessible via the apprenticeship route. A medical doctor degree apprenticeship is even being introduced in the next few months!

National Apprenticeship Week is a great time for providers and employers to advertise the opportunities they have. 6th form students are advised of all of these, and those who are considering becoming the next apprentice have also participated in a mock assessment centre run by the Department of Work and Pensions. Year 11s will have an "Introduction to Apprenticeships" assembly before they start their GCSEs.

The latest Higher and Degree Apprenticeship vacancy list has also been published:

https://www.gov.uk/government/publications/higher-and-degree-apprenticeships

Finally, a request for help!

We will be running a mock interview day for all Year 10 students on Thursday 13th July 2023. If any parent would like to volunteer to be one of our interviewers for the day please contact Mrs Hamilton ceh@shsb.org.uk for more information.
