Dear Parents and Carers,

### RE: Revision Guides and Practice Books for Mathematics GCSE.

The Mathematics Department would like to equip students with revision resources to prepare them for their Mathematics GCSE's. We can get revision guides, workbooks and flash cards at discounted rates, and wanted to give you the opportunity to purchase these through the school. Please find details of the three resources overleaf, *plus an option to buy all three resources as a bundle at a further discounted rate*. A fourth resource will be of interest to those students pushing for the Grade 8 and Grade 9.

If you would like to purchase a copy of any of these, please complete your order as per the instructions below **by Wednesday 8<sup>th</sup> November 2023**. Copies will be ordered once the deadline has closed so no extension after this will be possible. *Revision guides will be issued as soon as possible during Mathematics classes, after the order has been placed. It may be the case that this will be after Christmas, depending on the speed of delivery.*

If your child would like to see this resource before purchase, can you ask that they come and see Mr Dowding or Mr Howley at lunchtime in the Mathematics block and we will be happy to show them.

The method of payment is WisePay; to pay via this route please follow the instructions below:

1. Log in to your wisepay account and select the "Shop" tab on your homepage
2. Select the "Book Shop" category.
3. This will then display the books which are available to purchase. If you only wish to purchase one book, select this item and then proceed to payment.

If you wish to purchase more than one book you will need to follow these additional instructions:

1. Once you have selected your first book, this will be added to your basket. You will then need to select the "continue Shopping" button.
2. This will take you back to your homepage where you will again select "Shop" followed by "Book Shop"
3. Add the next item you wish to purchase to your basket.
4. Repeat this process until all of the items you wish to purchase are present in your shopping basket and then proceed to payment.

Unfortunately, **we will be unable to accept cash or cheque payment** for these books. If you have any problems regarding WisePay or the order system, please contact Mrs Wightman in the Finance Office.

Yours sincerely,

Mr M Dowding  
Leader of Mathematics
