Dear Parents and Carers

RE: Revision Guides and Practice Books for Mathematics GCSE.

The Mathematics Department is seeking to equip students who study GCSE Further Mathematics with a set of revision materials. While these are available to buy individually, we, as an educational establishment, get these at a discounted rate. Please find details overleaf of a number of resources that may be useful to your child.

If you would like to purchase a copy of any of these, please complete your order as per the instructions below **by Wednesday 8th November 2023**. We have only 60 copies of each resource, which means that they will be offered on a first-come first-served basis. *Revision guides will be issued as soon as possible during Mathematics classes, after the order has been placed.*

If your child would like to see this resource before purchase, can you ask that they come and see Mr Dowding or Mr Howley at lunchtime in the Mathematics block and we will be happy to show them.

The method of payment is WisePay; to pay via this route please follow the instructions below:

1. Log in to your wisepay account and select the "Shop" tab on your homepage
2. Select the "Book Shop" category.
3. This will then display the books which are available to purchase. If you only wish to purchase one book, select this item and then proceed to payment.

If you wish to purchase more than one book you will need to follow these additional instructions:

1. Once you have selected your first book, this will be added to your basket. You will then need to select the "continue Shopping" button.
2. This will take you back to your homepage where you will again select "Shop" followed by "Book Shop"
3. Add the next item you wish to purchase to your basket.
4. Repeat this process until all of the items you wish to purchase are present in your shopping basket and then proceed to payment.

Unfortunately, **we will be unable to accept cash or cheque payment** for these books. If you have any problems regarding WisePay or the order system, please contact Mrs Wightman in the Finance Office.

Yours sincerely,

Mr M Dowding,
Leader of Mathematics
