

FLU VACCINE CATCH-UP CLINICS

Time is running out to vaccinate your child with this season's flu nasal spray*.

The flu vaccine reduces the risk of serious illness and will top up their protection even if they've been vaccinated before.

Drop into one of our catch-up clinics for primary and secondary school aged children:

9 December

10am - 2pm

Leigh Primary Care Centre, 918 London Road, Leigh on Sea, SS9 3NG.

No booking required. Just walk in.

*flu injection is offered as an alternative to the nasal spray
