- National Apprenticeship Week

Sixth form update

The Autumn Term is always busy for our 6th form. Year 12s settled in and Year 13s completed their Personal Statements, UCAS applications and have started to apply for apprenticeships.

This year we have had over 50 students applying to “early entry” - this means they are applying to study at Oxford or Cambridge or are wanting to become doctors, vets and dentists. As well as the application many of them have also had to complete university admission tests which were completed before half term. Their hard work and determination is great to see,

Aspiring apprentices have taken part in a Mock Assessment Centre run by the Aim Group. This was a great event where students learnt about what they can expect from professional assessment centres and gave them a chance to find out more about the application process

5-11 FEBRUARY 2024

#NAW2024

NATIONAL APPRENTICESHIP WEEK

The 17th annual National Apprenticeship Week will take place from 5th to 11th February 2024.

National Apprenticeship Week (NAW) 2024 aims to shine a light on the amazing work being done by apprentices, employers and their training providers across the country.

The theme for National Apprenticeship Week 2024 is 'Skills for Life'.

The annual week-long celebration of apprenticeships, taking place across England, will reflect on how apprenticeships can help individuals to develop the skills and knowledge required for a rewarding career, and businesses to develop a talented workforce that is equipped with future-ready skills.

You can keep up to date with the latest National Apprenticeship Week news by following social media channels: [@Apprenticeships](https://twitter.com/Apprenticeships) and [@AmazingAppsUK](https://twitter.com/AmazingAppsUK) on Twitter and Apprenticeships Gov on LinkedIn.
