Nearest tube stations - Bond Street ([Elizabeth](#)) & Green Park ([Jubilee](#))

School Phone: 07545211623

# The Royal Institution

The *Royal Institution* was established in 1799; an organisation for scientific education and research.

Throughout its history, the *Institution* has supported public engagement with science through a programme of lectures, many of which continue today.

The most famous of these are the annual Royal Institution Christmas Lectures, founded by [Michael Faraday](#) in 1825

Discourses are one of the RI's oldest and most prestigious series of talks and they are an opportunity for the best and brightest to share their work with the world.

Some of our guests **dress smartly** for our Discourse events to add to this sense of occasion. You may wish to wear your school uniform, or a suit.

So, please, **RESPECT** the Institution and its history.

But we also want to **THANK YOU** for coming.

# See you there...
