Interim Headteacher: Mrs R V Worth

Dear Parents,

The school uses a data information management system called Go4Schools. This provides parents with online access to student progress reports that contain details of their child's current grades, progress, behaviour, rewards and attendance.

You will need to make an initial login to Go4Schools and you can do this by going to the Go4Schools site at <https://www.go4schools.com/> and clicking the 'parents login' option (under 'login' at the top of the page).

This will take you to a registration page, where you will need to click on 'First-time User?'; please then follow the prompts.

Please note that not all login methods are supported by all schools.

GO Sign in with GO First-time user? Forgotten Password?

If you haven't logged on to GO 4 Schools before, type your email address and click the "new password" button.

This is the password you may use to log in to GO 4 Schools if your school supports this login method. It is also the password you use to log in to the GO 4 Schools Mobile App if your school uses the Mobile App.

Email address

New password

The email address you enter *must* match the email address which you have provided to the school for parental contact. If you have updated your email address or are unsure which email address the school holds for you, please contact us as soon as possible on enquiries@shsb.org.uk

You will not actually be sent a password – you will be taken to a page where you will need to **create your own password** and then confirm by re-entering. You will then be taken back to the 'welcome' page where you should enter your email address and your newly-created password.

When you have completed your first log-in, you will be in a position to view the on-line reports. Please see the guidance below on how to see your child's report.

Please note, there will be periods where you will not be able to see any data until we have made it available.

Instructions for parents on how to view their child's progress:

Once logged in to Go4Schools, you will see the screen below as a 'homepage' – on the left-hand side, click on 'progress' (highlighted in red below):

From here, you can view your child's grades at a glance, as well as scroll to click on individual subjects to find more detailed information on their progress.

The Go4Schools Mobile App

If you own a phone that supports the application, then you can download the Go4Schools App. This gives parents live data on attendance, progress and behaviour. The app is available to download from both the apple (iPhone) and google play (android) stores. There is also a link to download the app from the website's homepage when you log-in.

The image shows a screenshot of the Go4Schools login interface. At the top, there is a 'Sign in with Microsoft' button. Below it, there are three tabs: 'GO Sign in with GO', 'First-time user?', and 'Forgotten Password?'. The main content area contains instructions for new users and a 'New password' button. At the bottom, there are two buttons: 'Help' and 'Mobile App'. The 'Mobile App' button, which features a smartphone icon, is circled in red.

Yours sincerely,

Mr L Groves
