

This document is supplementary to all existing procedures for the safe provision of education and site management and is to read in conjunction with the logistical plan.

## HIERARCHY OF CONTROLS

What are the hazards?	Who might be harmed and how?	What control measures are in place? ( <i>staff responsibility</i> )	Risk rating? (see guide)	What further actions are needed? ( <i>staff responsibility</i> )
<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing.</p> <p>The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Everyone on site.</p> <p>General transmission may occur: Through close contact between colleagues, pupils and visitors and touching contaminated surfaces.</p>	<ul style="list-style-type: none"> <li>• Anyone feeling unwell or has someone in their household who is unwell informed not to attend school. (Pupils – <i>Office manager</i>; Staff – <i>HR manager</i>)</li> <li>• Physical distance maintained wherever possible between all adults on site, <b>between pupil groups, and between pupils within groups.</b> (<i>All classroom staff</i>)</li> <li>• Frequent handwashing promoted, <b>supervised and directed.</b> (<i>All classroom staff</i>)</li> <li>• Frequent cleaning of surfaces that pupils touch. (<i>Facilities manager</i>)</li> <li>• <b>Toilets assigned by pupil groups, where possible.</b> (<i>Director of Resources</i>)</li> <li>• Bins emptied daily. (<i>Facilities manager</i>)</li> <li>• Staff, parents and visitors informed of the measures in place to reduce transmission. (<i>Office manager</i>)</li> </ul>		<ul style="list-style-type: none"> <li>• Individual risk assessments carried out for staff at higher risk. (<i>HR manager</i>)</li> <li>• Signage used to promote hygiene (respiratory and hand) and social distancing. (<i>Facilities manager</i>)</li> </ul> <p style="text-align: center;">-----</p> <ul style="list-style-type: none"> <li>• Review cleaning schedules.</li> <li>• Review assessment for hand sanitiser and cleaning materials.</li> <li>• Hand sanitiser available in designated classrooms, offices and reception.</li> <li>• Disposable tissues available in designated classrooms.</li> <li>• Review stocks of soap, hand sanitiser, tissues.</li> <li>• Provision of lidded bins in designated classrooms. (<i>Facilities manager</i>)</li> </ul>

What are the hazards?	Who might be harmed and how?	What control measures are in place? ( <i>staff responsibility</i> )	Risk rating? (see guide)	What further actions are needed? ( <i>staff responsibility</i> )
<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing.</p> <p>The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Everyone on site.</p> <p>Site related transmission may occur: Through close contact between colleagues, pupils and visitors and touching contaminated surfaces.</p>	<ul style="list-style-type: none"> <li>• Designated and segregated classroom, food serving and outside spaces. (<i>Headteacher</i>)</li> <li>• Organising classrooms and other rooms used for learning to maintain space between seats and desks. (<i>All classroom staff</i>)</li> <li>• Unnecessary items removed from designated classrooms. (<i>Facilities manager</i>)</li> <li>• Thorough daily cleaning of rooms. (<i>Facilities manager</i>)</li> <li>• Ventilation in buildings maximised by opening windows and doors. (<i>All classroom staff</i>)</li> <li>• Visitors on site limited and access to building controlled. (<i>Office manager</i>)</li> <li>• Face-coverings – by individual discretion in classrooms and on-site; but required in corridors and communal spaces <i>only if</i> pupil groups ‘mix’ and ‘social distancing’ cannot be maintained. (<i>All staff</i>)</li> </ul>		<ul style="list-style-type: none"> <li>• Review fire safety procedures to ensure that any measures put in place do not compromise evacuation routes. (<i>Facilities manager</i>)</li> <li>• Ensure pupil groups and social distancing maintained during fire drills. NOTE: in an emergency social distancing may not apply. (<i>Deputy Headteacher</i>)</li> <li>• Co-ordinate times that visitors, suppliers, contractors, external partners are on site to minimise numbers on site at any one time. (<i>SLT Business Admin</i>)</li> </ul>

<p>Exposure to COVID-19</p> <p>The virus is spread in minute water droplets that are expelled from the body through sneezing, coughing, talking and breathing.</p> <p>The virus can be transferred to the hands and from there to surfaces. It can survive on surfaces for a period after transfer (depending on such things as the surface type, its moisture content and temperature).</p>	<p>Everyone on site.</p> <p>General transmission may occur: Through close contact between 'positive cases' – colleagues, pupils and visitors.</p>	<ul style="list-style-type: none"> <li>• PCR testing for all staff and pupils, prior to return to the classroom (provided by Southend Public Health).</li> <li>• Public Health direction to self-isolate issued to all close contacts after one 'positive' case in a pupil group. (<i>Headteacher/Office Manager</i>).</li> <li>• Public Health direction to self-isolate issued to all members of a pupil group, if more than one 'positive' case in a pupil group. (<i>Headteacher/Office Manager</i>).</li> </ul>		<ul style="list-style-type: none"> <li>• Continued liaison with Director of Public Health <i>(Headteacher)</i></li> <li>• Continued promotion of PCR testing for all staff. <i>(HR Manager)</i></li> <li>• Continued record keeping of pupil test dates and results, prior to return. <i>(Office Manager)</i></li> </ul>

### Risk Rating

The risk rating is used to prioritise the action required. Deal with those hazards that are high risk first. The risk rating is assessed on the basis of the hazard and control measures; and can be revised if further actions are completed.

Risk Rating	Description	Action Priority
High	Where harm is certain or near certain to occur and/or major injury or ill-health could result	Urgent action
Medium	Where harm is possible to occur and/or serious injury could result e.g. off work for over 3 days	Medium priority
Low	Where harm is unlikely or seldom to occur and/or minor injury could result e.g. cuts, bruises, strain	No action or low priority action

### Communication and Review

This risk assessment should be communicated to all employees and relevant persons who may come into contact with the hazards being assessed. The assessment must be reviewed following a significant change, accident or violent incident.
